Management

### Summary

I am a developer with strong communication skills and a track record of quickly learning unfamiliar technologies. I spend my free time doing stand-up comedy and reading books about JavaScript.

### Projects

**Command V Ninja, Project Leader** | <https://cmdvninja.com/> | <https://github.com/garygz/commandv>

*Web app for organizing snippets of code. Integrates with a Sublime Text plugin and a Chrome extension to make accessing and finding code snippets easy for developers.*

- Led a team of three to build Command V Ninja in a week
- Responsible for building front end in Angular.js
- Shared responsibility for building backend with MongoDB, Express.js and Node.js

**Rheti – UX/UI Designer** | <https://www.rheti.com>

*Android app for creating Android apps through a WYSIWYG interface*

- Led a team to rework Rheti's UX and UI by creating and editing wireframes
- Helped manage offsite development in Guatemala City, Guatemala

### Relevant Experience

**Rheti – Product Manager/ Director of Communications**

**Durham, North Carolina**

**June 2013 – July 2014**

- Responsible for design direction of app (see above)
- Designed Rheti's graphics and website
- Organized a relaunch of Rheti which resulted in an increase of several thousand users over the course of a week
- Responsible for conveying Rheti's message to investors, press, and shareholders
